

Santa Fe Science Café For Young Thinkers

“Autopsy / Investigation 1.01 and the CSI Effect”

Tim Stepetic
Office of the State Medical Investigator

Wednesday, September 10
6 – 8 PM

Georgia O’Keeffe Museum Education Annex
123 Grant Avenue, Santa Fe

What does a coroner’s office really do? What kinds of cases, and how many, does it handle? How does it compare to what you see on CSI? What does it take to be a forensic pathologist? Tim Stepetic will show a video entitled “A Coroner’s Autopsy,” and will lead a discussion about CSI (“Fact or Crap?”) that will provide interesting answers to these questions. Come find out what it’s all about!

The Café is sponsored by the Santa Fe Alliance for Science, the Santa Fe Institute, the Santa Fe Public Schools, the Georgia O’Keeffe Museum and the New Mexico Public Education Department.

Admission is Free. Youth (ages 13-19) seating a priority. Light refreshments will be served.

Tim will also appear on The Santa Fe Radio Café with host Mary-Charlotte Domandi at 8:00 am on Wednesday, September 10, on KSFR 101.1 FM, streaming on the web live at <http://www.ksfr.org>.

Tim Stepetic has been with OMI as the Associate Director for Administrative Services since April 1998. Prior to that he managed research programs for the UNM College of Engineering after serving in the Air Force as a Civil Engineer for 23 years. He received his BA in Geology from the College of Wooster, and his MBA from the University of Utah.

Please call 603-7468 if you’d like more information.
